the **Odd Couple**
(Female Version) by Neil Simon

DIRECTORS' NOTES:

"It's been some time since I've had the honor to sit in the director's chair. But, I have to say, the wait has been worth it!

I'm so very fortunate to have been blessed with such an amazingly talented cast and production crew. Each and every one of them has truly been a joy to work with. After a year of live theatre missing from our lives, I'm very excited and happy to say...ladies and gentlemen, the GCFAC is proud to present 'The Odd Couple!'"

- *Randy Hollis*

"I've had an amazing experience with this show. I'm not used to being 'behind-the-scenes' and for my first time directing - I couldn't have asked for a cast more dedicated, talented, and kind than the people you're about to see bring this hilarious story to life. My most sincere "Thank You" for coming to see our show, and to the cast... I love you"

- *Travis Rainbolt*
